

Pudsey Day memories 2020

To celebrate our Pudsey Day this year we started our week by making some delicious cakes. We explored our weighing skills as part of our maths activities. Y1's designed some very colourful posters as part of their DT work to let everyone know how we were going to celebrate BBC Children in needs 40th birthday.

Pudsey Day memories 2020 continued

This year's theme for Pudsey Day was 'act your age' and as Pudsey was 40 we decided to have a forty minute active time in the hall and to do the 'Strictly Come Dancing' dance along challenge. We all had such a great time! Then in the afternoon we did other activities that we really enjoy doing but to our own ages. Some children loved looking at their favourite books for four minutes and other children enjoyed drawing for five minutes. During the day we also talked about all the children that are in need during these difficult times and how we are helping them on this special day.

A huge thank you Motes you worked brilliantly together and came up with some great ideas of keeping happy and healthy, like singing a song, giving an air hug and making sure we talk to each other.

Together we raised £174.29 Thank you!
