

Our 'Pink Day' memories 2020

On the last day of term the 23rd October, we together celebrated 'Wear it pink day'. Many of us know family and friends who have had or presently have breast cancer. So we wanted to take this opportunity to think about all those amazing heroes we can help and those we sadly have lost.

Everyone tried their very best to wear something pink and were great in donating £1.00 for their non uniform day. We also had lots of fun playing the different counting games produced by breast cancer research. We took it in turns to stick the sticker closest to the pink flamingos beck, and we guessed how many flamingos were celebrating altogether.

Super counting everyone!

Our 'Pink Day' activities continued.....

By using lots of different shades of pink crayons we created our own breast cancer ribbon badges. Then we went on to decorating some helpful hand pictures using pink patterns and textured papers.

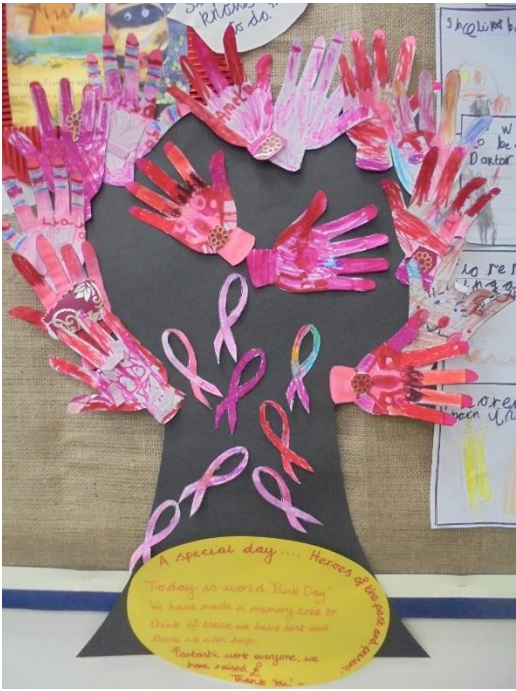

Throughout the day we talked about people that were special to us and how we can help them especially if they are unwell. Together we made a memory tree full of helping hands and memories of the heroes we are helping on this special day.

A great team effort everyone and a huge thank you for all your kind donations. As soon as we know the amount raised we will let you know.

Mrs Hartley & Mole class xx

A special day ... Heroes of the pink ribbon
Today is World Pink Day
We have made a memory here to
think of those we have lost and
those we can help
Fantastic was everyone we
have raised £
Thank you!
